

*In spring 2009 we asked the girls at Augustine Perfect Secondary School why the dorm matters to them so much. Here are some of their replies:*

My name is **Magdalene** my father name is **Loy** .I'm students at Augustine Perfect Secondary school.. I'm Maasai girl from Keserian village which about six kilometers from the school.

Girls' Dormitory is important to our school especially for the Maasai (pastoralists ) girls because it will help us to not married in early age as per our maasai culture. Maasai warriors (Moran) may sometimes kidnap young girls and take them to their homes as wives. So I hope to have dormitory is very important because it will help us to get good education

\*\*\*\*\*

We girls need to be in dormitory so as to get enough time to study, security, dignity, love, freedom and quality education

By **Fausta William**; Academic Prefect

My name is JENIFER my father's name is JOSEPH; I'm a form four student at **ST. AUGUSTINE PERFECT SECONDARY SCHOOL**. I would like to explain why girls' dormitory is important to our school. Most of us get no time for extra studies after being back from school at around 4.00 pm We serve the whole family, we cook, we wash plates, we serve food especially during dinner, all activities end up at 10.00 pm; from there we are very tired we want to sleep too like others especially boys.

If we will be in dormitory, most of our time will be for study only!!!!!!

My name is Divinity My father's name is Mongi, I'm the head girl at St. Augustine Perfect Secondary School. As a girl, I know many problems we get on our way to school and back home. We are usually tempted by bad men to be their lovers and to make sex with them. They give us drive to and from school, they buy us with chips. Finally we may get pregnant in early age, infected with diseases especially HIV/AIDS and STD's.

If we will be in Dormitory all these will not happen.

**D.J. MONGI.**
